SMART Goals Presentation

OBJECTIVES

To create a profile fit for masters program in an IVY league.

I wish to pursue my higher education in an IVY League as it would help me interact with like-minded individuals, get acquainted with wonderful career opportunities, help me receive excellent learning experience and grow my network!

Event Speaker

I would like to speak at and deliver an event atleast once in every 4 months, in order to improve my comm. skills and help others.

Undetake 3 Projects

I would like to work ok atleast 3 projects in the next year, that improves lives, aids social cause and is solution oriented.

Research Papers

I would like to author more research and conference papers, and complete writing my book for publication in Taylor and Francis.

Management Position

I would like to continue my management roles in various organisations and even reach higher ones in the next year.

SMART Goals to achieve objective

These are the steps that I would take in order to create an ideal profile for admission in a reputed institute.

The background of the image is a dense, dark green pattern of fern leaves. The leaves are long and feathery, with many small leaflets. They are arranged in a way that creates a sense of depth and texture, with some leaves appearing more prominent than others. The overall color is a deep, almost blackish-green, which makes the white text stand out.

Thank you for paying
attention and listening
to my goals!
